AGREEMENT OF UNDERSTANDING

I have read, understand, and agree to the following:

- All of the STUDENT INFORMATION is true and correct.
- A student (10th, 11th, and 12th) must be able to complete the core and CTE program associated with a career academy program of study.
- An out-of-zone student who withdraws from a career academy must return to his/her zoned school. An out-of-zone student is defined as a student attending a geographic service area career academy that is NOT located at his/her zoned school.
- NO bus transportation is available for a student to attend an out-of-zone high school. If the career academy of choice requires a student to attend an out-of-zone high school, the student must provide his/her own transportation.
- Admission into a career academy requires the student to complete this District *Career Academy Application* for each academy of choice, even when academies are located at the SAME school.
- Each completed District *Career Academy Application* must be returned to the academy school by **January 29, 2016** (*contact and address information on page 2*). Priority is given to district applications turned in by the deadline.
- District *Career Academy Applications* that are incomplete are reviewed based on information received by the due date.
- Student eligibility into a career academy may be determined by such factors as academy offerings at the zoned high school, academic performance, attendance, and conduct.
- When the number of qualified student applicants to an academy of choice exceeds the number of available positions, a random selection process (lottery) is utilized to accept qualified applicants.
- If student is not accepted into an academy of choice this year, student may reapply next year, if interested.
